This guide explains how to install the MetaMask extension and also how to view your recovery phrase.

Step1 : Installation of metamaskExtension
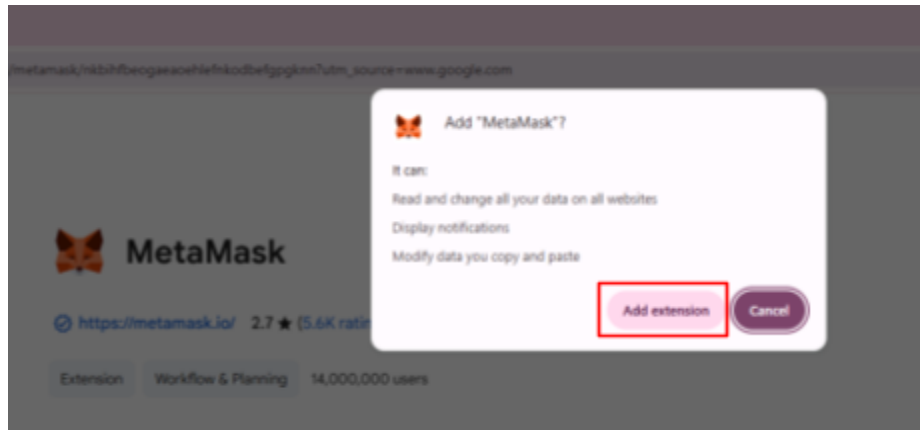

1. Open your browser and navigate to https://metamask.io/
2. on this page click "get metamask" on the top right corner

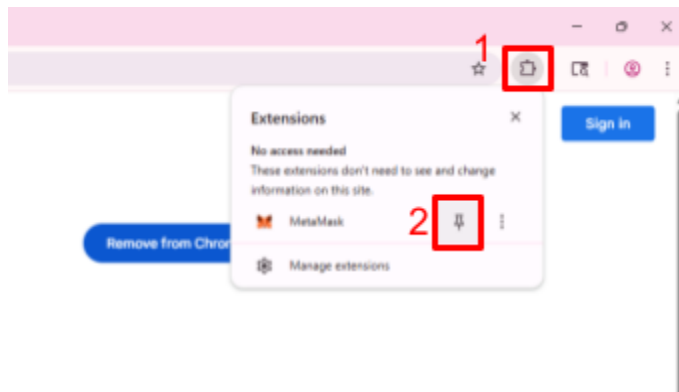

3. Click on "add to chrome"

4. Now click on "Add Extension"

5. Pin the extension by clicking on the "extensions" button on chrome (the puzzle shape button) and then pinning it.

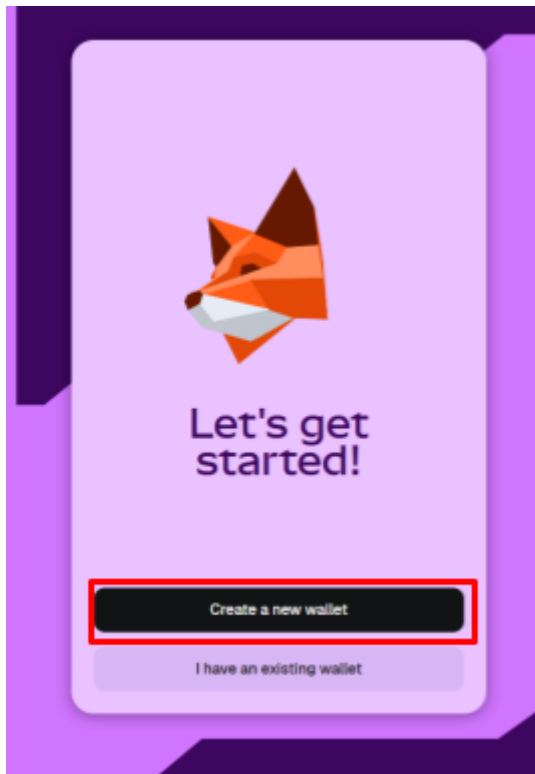

Step 2 : Create an metamask account
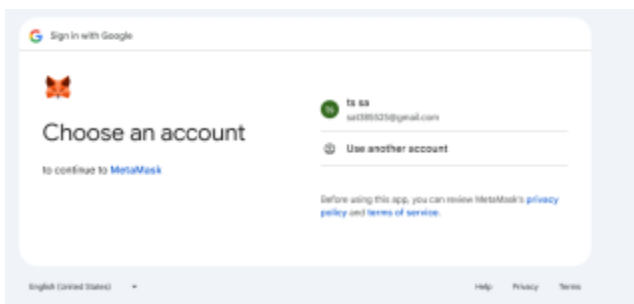

1. Click on the matamask extension to open it

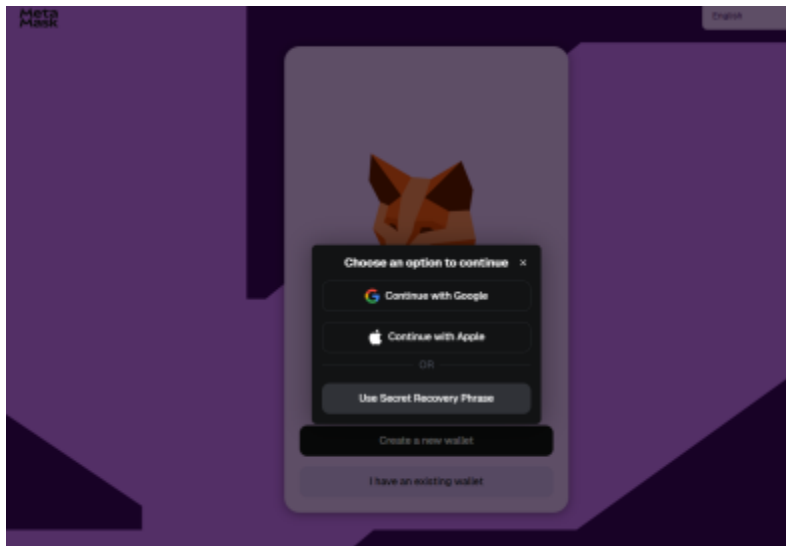

2. A welcome page should load , and on this page click on "get started"

3. On the next page click on "Create a new wallet"

4. Now either continue with google or apple and link your account

5. Agree to the terms and conditions to continue

6. Create and set the password and agree to the terms and conditions

7. Installation should now be complete !!
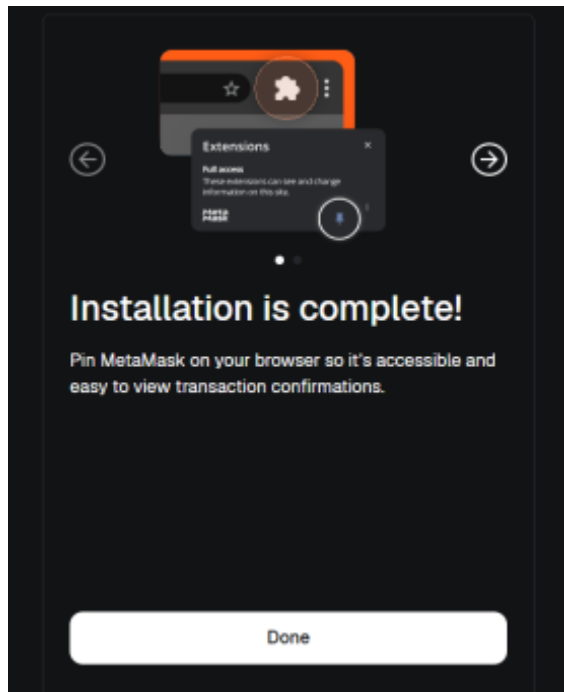

Step 3: Share your wallet id

- Now open the Chrome extension, MetaMask will pop up, showing your wallet ID right under your account name(which is currently "Account 1.")
- You can copy this wallet ID and share it with others to receive funds.
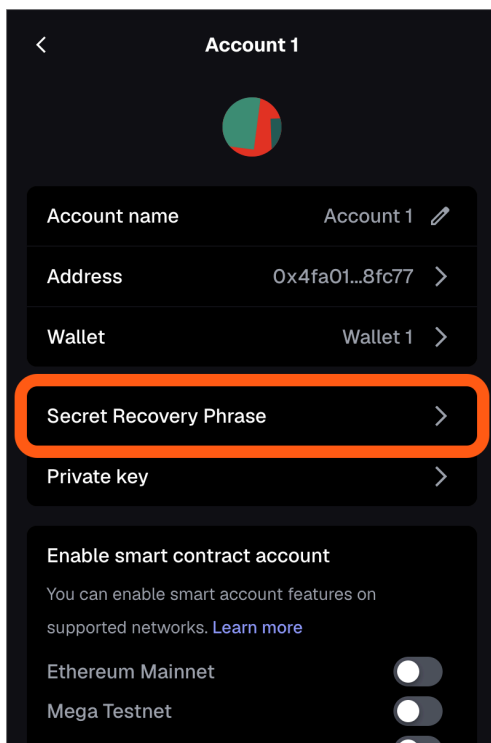

Step4: Reveal your Secret Recovery Phrase

This section is taken directly from https://support.metamask.io/configure/wallet/how-to-reveal-your-secret-recovery-phrase

1. Click the 3 dots on your homepage and navigate to Settings > 'Security & password' OR click on 'Account details'

2. If you are in Settings, click the 'Secret Recovery Phrases' button and select the SRP you want to reveal (if multiple); if you are on the account's page, click on 'Show Secret Recovery Phrase' and select the SRP you want to reveal

3. Answer two brief questions to confirm you understand the implications of self-custody.
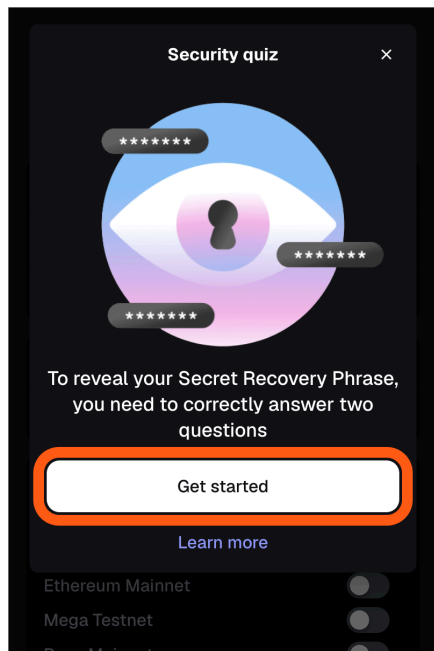

4. With the questions correctly answered, enter your password, and click 'Next'.
5. Press the 'Hold to reveal SRP' button to reveal your Secret Recovery Phrase.
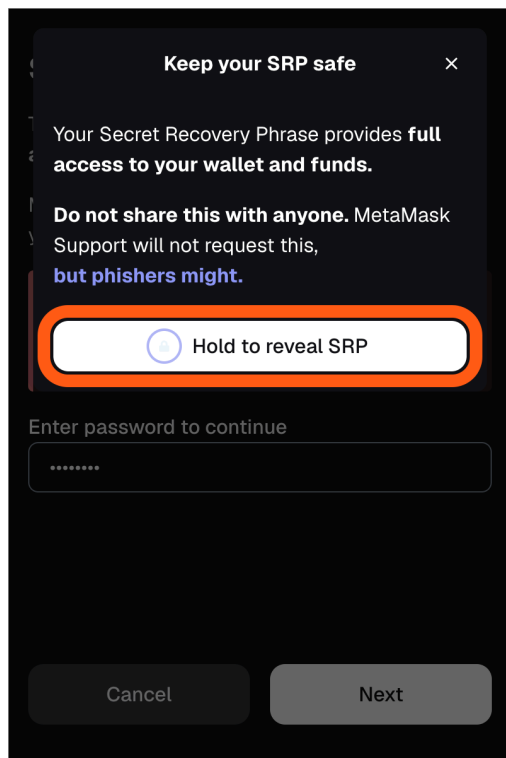

Remember, the responsibility of managing the Secret Recovery Phrase is yours and yours alone. You need to keep it secure and not share it, as MetaMask cannot retrieve it for you if it's lost. Back that phrase up.
